RE: Memorandum of Understanding (MOU) for Security of Employment Series

Attached, please find a template for the Lecturer with Potential for Security of Employment (LPSOE) and Lecturer with Security of Employment (LSOE) MOUs that Laurie Bollinger (CNAS, Academic Personnel Director) originally drafted. It explains the purpose of the MOU and the information needed to ensure a fair review of the candidate at times of merit or promotion. I know that some of you have initiated this process in alternate ways, but some of those ways have unwittingly stirred up a lot of insecurity on the part of these faculty. I think that this form should allay their fears. The drop down menu will obviously have to be customized to your college. Thank you for responding to my plea at the Fall forum and I am sorry I didn't think of this earlier.
